6. Say ahhh!

A baby is protected against #polio.

#ForEveryChild, Health.

#VaccinesWork #ENDPolioKE <https://t.co/I7M3hfS6IX>

## 7. Stop Polio.

@MOHKenya together with @UnicefKenya and partners have today launched the #ENDPolio campaign in 9 counties.

Ensure your child is protected from #polio if you are in any of these counties; Busia, Bungoma, Trans-Nzoia, West Pokot and Turkana, Nairobi, Kiambu <https://t.co/40U1ImtZgT>

## 8. A polio-free life is every child's right!

Vaccinate your child now.

#ForEveryChild, immunization.

#VaccinesWork #ENDPolioKE <https://t.co/MGZbFVCZ4v>

9. The Ministry of Health has received unverified reports regarding adverse events arising from the recent polio vaccination campaign. Investigations are ongoing, and a formal statement will be issued in due course. We discourage members of the public from spreading rumors and

## 10. PRESS STATEMENT ON THE POLIO VACCINATION CAMPAIGN

From October 2-6, 2024, the Ministry of Health vaccinated 3,712,323 children under ten across nine counties, following the detection of poliovirus in parts of Kenya and Uganda. <https://t.co/QuaxSQzO0c>

11. The Ministry of Health, in collaboration with county governments and partners (@UNICEFKenya & @WHO) will conduct the second round of polio vaccination campaigns from Saturday, 9th Nov to Wednesday, 13th Nov 2024, in 9 high-risk counties. All eligible children will receive the <https://t.co/MHwqMrSJGV>

12. The second round of the nationwide polio vaccination campaign to protect children kicked off today. In Nairobi County, a mini launch for Langata Subcounty was held at Jinnah Clinic, South C Ward, with support from key stakeholders, including representatives from the Nairobi <https://t.co/Lf6zzJe5As>

13. PRESS STATEMENT ON CONTINUING POLIO CAMPAIGN <https://t.co/eYMWottdEN>

14. Were committed to a polio-free Kenya! Lets achieve high vaccination coverage to eradicate polio for good. Join the second round of the polio vaccination campaign from Nov 9-13 to protect every child. #EndPolioKE #VaccinesSaveLives <https://t.co/zfA1mQcT6q>

15. All Kenyan children under the age of 5 years are expected to be up to date with childhood vaccines where they receive Polio vaccine at birth, 6 weeks, 10 weeks, and 14 weeks as per the routine immunization schedule. In the event of an outbreak, the polio vaccine is given to all <https://t.co/HKxrpsgrAm>

16. Vaccines save lives. Polio is disabling. We fully support this campaign to ensure all children are protected. Dr. Supa Tunje, Chair, Kenya Paediatric Association <https://t.co/MgRESosoKg>

17. These queries were brought to the committee. Which is a committee of very many experts with different experiences. We looked at every case carefully following all the rules set up scientifically by the WHO. And we did confirm in none of these children there was direct <https://t.co/UivgvuMEuN>

18. Im so glad for this clarity from @MOH\_Kenya

Health communication is incredibly important.

Just to reiterate what DG

@DrPatrickAmoth is saying: Adverse events can sometimes happen coincidentally following vaccination, especially when unrelated factors are involved in <https://t.co/ak3T5bTCFi>

19. MoH gives assurance of safe polio vaccination campaign <https://t.co/eMdIekQrJN> via @KBCChannel1

20. The Ministry of Health assures the public, the Polio vaccine is safe and... <https://t.co/5x7V4D2yHQ> via @YouTube

21. The Ministry of Health assures all vaccines, including the polio vaccine, are safe and effective in

shielding our children from preventable diseases. Vaccines prompt the immune system to fight infections, and while mild side effects may happen, they usually resolve quickly.  
<https://t.co/GYqmo7Ukkj>

22. The polio vaccination campaign is here to protect our children's future! From November 9th to 13th, 2024, make sure your child is vaccinated in any of these high-risk counties: Busia, Bungoma, Trans-Nzoia, West Pokot, Turkana, Nairobi, Kiambu, Machakos, and Kajiado. Let's work  
<https://t.co/IZHMAz4uxt>

23. <https://t.co/QoblpDspsf>

24. How can I tell if my child is having a bad reaction to the vaccine?

Some of the common side effects may include rash, fever, irritability, vomiting, fatigue, diarrhea, headaches or muscle pain. These are mild reactions as the #polio vaccine is SAFE and approved by the @WHO <https://t.co/HLRmBO5N6i>

25. Your child deserves protection from polio. If you're in Busia, Bungoma, Trans-Nzoia, West Pokot, Turkana, Nairobi, Kiambu, Machakos, or Kajiado, our dedicated vaccinators are going door-to-door to ensure every child receives this vital vaccine. Safeguard your child's future <https://t.co/fZDXioVhkf>

26. No child should have to suffer from a vaccine-preventable disease.

To protect your child, make sure their vaccines are up to date.

#VaccinesWork <https://t.co/65FWYqfVcL>

27. Give your child a polio-free future!

Vaccinate your child against polio today and every time there is a vaccination campaign.

#ForEveryChild, a healthy future.

#VaccinesWork #EndPolioKE <https://t.co/2yL5UcYsh0>

28. Ministry of Health Reassures Kenyans on Polio Vaccine Safety Ahead of Second Round  
<https://t.co/gclrx3UX08>

29. There is no cure for polio.

The only protection is vaccination.

Polio vaccines are proven safe and effective.

Get your child vaccinated today.

#ForEveryChild, immunization. #ENDPolioKE <https://t.co/ouH8FaTa6c>

30. Death of 2 kids not linked to polio vaccine - Ministry <https://t.co/OyLPcOVMzx> via @thestarkenya

31. When you vaccinate a child, you protect their health and future.

#ForEveryChild, a healthy future.
